

VIDEO CLIPS WITH AUDIO

Share video clips using the **Share Screen** feature. If your video clip includes audio, follow these steps to include the audio when sharing the video.

- Launch **Screen Share** from the meeting control toolbar.

- Start the share choosing **Desktop** or select the program where the video resides.
- While in the sharing mode, click the **More** menu on the sharing toolbar.
- Click **Optimize Share for Full-screen Video Clip**

- Navigate to the video file to play

Note: If you are using a dual monitor set-up, you can turn on the **Use Dual Monitors** feature to see the screen sharing on one monitor and participants on the second.
